QUALIFICATIONS

Creative Director with extensive digital and traditional experience in design and advertising agencies, skilled at leading teams through concept development and project management. Proven track record of efficiently managing multiple tasks and achieving targeted objectives. Successfully delivered AI-driven creative projects using emerging technologies like ChatGPT. Eager to leverage this expertise to drive innovative design solutions as a Creative Director.

EXPERIENCE

Associate Creative Director

Chrysalis Communications / Irvine, CA / July 2016 – July 2025

Directed tasks for conceiving, designing, and securing creative approvals for offline and online materials. Oversight of a dynamic creative team comprising of designers and writers. Additionally, executed client presentations, proficiently managed projects, and coordinated with programmers & vendors.

Worked closely with clients such as Cisco, Iron Mountain, Spectrum, Cox, CAHP Credit Union, and Trimble to deliver tailored creative solutions, enhancing brand visibility and client satisfaction.

Senior Art Director

Wunderman West / Irvine, CA / August 2012 – May 2014

Facilitated the conceptualization, design, and creative approval process for both offline and online direct response materials. Responsibilities encompassed not only the management of a creative team and projects, but also client presentations, vendor coordination and press approvals.

Collaborated with clients such as SCE, Health Net, Invisalign, Jenny Craig, and Legal Zoom to provide impactful campaigns that enhanced brand recognition and engagement.

Creative Director / Owner

Kato Design / Vancouver, WA / August 2010 – Present

Freelance design focusing on integrated branding, digital assets, collateral, interactive media, advertising campaigns, direct mail, brand identities, packaging, and trade show exhibits.

Partnered with top-tier ad agencies and specialized design firms including Y&R Irvine, Johnson Gray Advertising, Synergy, and AMCI Global to develop high-impact design solutions that elevated brand presence and audience engagement.
